GRAND REPUBLICAN RALLY.

Lappin's Hall, Saturday Night October 4.

Let Every Irishman Attend.

Dr. J. H. Randall, of Chicago, an eminent Irish orator, and a life long democrat, will address the meeting, and show by a convincing argument why every democrat should join the republican party—the party of progress and reform. Give him a hearty reception.  
The Bower City Band will be in attendance.

Referees.

—Good Templars' night.  
—Rock River Encampment No. 3, I. O. O. F., occupy Odd Fellows' hall this evening.  
—Oliver Branch Lodge, A. O. U. W., hold a regular meeting this evening in their hall, Lappin's block.

—Every republican will work for the success of the grand rally of the republicans in this city on the 15th.

—Astoria candle lantern at Wheelock's. Strong, durable, large light, no smoke, no smell. They will please you.

—"Karl" to-night, at the opera house.  
—Sheriff Harper took a crazy woman to the state hospital for the insane last evening.

—Reserved seats for Maggie Mitchell's "Little Savage," will be on sale at Prentice & Evenson's at nine o'clock to-morrow morning.

—The dancing party in Cannon's hall was well attended last evening. Anderson's orchestra furnished the music. All the merry dancers had an enjoyable time.

—County Clerk S. Morgan has taken possession of his new residence on Milwaukee avenue, recently purchased by him, and is now a resident of the third ward.

—The omnibus and hack men reaped quite a harvest yesterday and to-day, carrying people to and from the fair grounds for "only ten cents." A cheap ride, worth the money.

—Freddie Jeffries, little son of Mr. and Mrs. David Jeffries, in jumping from a wagon last evening, near his home on Cherry street, fourth ward, caught his foot in the wagon wheel and broke his left leg.

—The city has been very quiet and orderly for the past two or three days, which is rarely the case when such large crowds of strangers people congregate. But very few arrests have been made—all for slight misdemeanors.

—Trouble is again brewing between residents of the first ward and the St. Paul railway company, owing to blockading High street. We understand that a warrant is out for the arrest of some one for leaving cars on that street one night.

—Mr. Ira Parmley, of Center, left at the Gazette office this morning a campaign blaine and Logan, manufactured at Warren, Ohio. This is a good one, and indicates that the republican majority in the Rockey state will be a clincher.

—A letter from the pen of the Rev. D. F. Davies, formerly pastor of the First Congregational church in this city and now located in the vicinity of Hamilton, Ohio, says that there has been nothing like the enthusiasm in Ohio for Blaine. Let the good work go on.

—Mr. Matthew Peterson, of this city, has on exhibition at the county fair, several sections of the different styles of iron fences, which are becoming so popular in this section of country. The exhibition is a good one and reflects great credit on the mechanical skill of the exhibitors.

—Mr. Will Buchholz captured a runaway team this afternoon just in time to prevent a serious if not fatal accident. The horses broke from a hitching post, and a lady who was in the buggy, being frightened, attempted to jump out, and fell over the dash board just as Mr. Buchholz grabbed the runaways.

—Charles Lloyd, the drunken bummer who attempted to kill "Marshall North," in Beloit on Tuesday evening, is now in the county jail awaiting trial on charge of "assault with a dangerous weapon with intent to kill," his bail being placed at \$2,000, which he was unable to secure. Lloyd is now suffering much pain from a sprained knee, which is swollen very badly.

—Mr. James A. Fathers, the harness maker at the corner of Main and Court streets, this city, has a fine exhibit of harness and saddle goods at the fair grounds. Mr. Fathers has secured the county right of a new horse collar, which should be examined by all using such an article. He also has everything in the harness line, of his own manufacture—which is the best in the county.

—Mr. Charles A. Gardner, of Kori, an excellent company, held the boards at the Academy of Music last evening. Standing room was in demand, and the audience was one of those dignified crowds that show no sign of appreciation until it is knocked down with real merit. Mr. Gardner, however, captured his audience in the beginning and before the close of the first act everybody was enthusiastic. Mr. Gardner is a strong rival of Joe Emmet. His dialect is good and his songs are not only excellent in composition but he renders them in style. Every character was well taken and the performance throughout is a pleasing one. Mr. Gardner, come again and bring that same company with you.—Daily Leader, Akron, Ohio.—At Myers opera house this evening.

—Mr. Charles Skelly, who, for many years, was the "old reliable" clerk in the clothing house of M. O. Smith & Son, is now associated with Mr. J. M. Bestwick, the well-known and extensive clothier on Main street. Mr. Skelly has been engaged in the sale of clothing for many years. He understands the business thoroughly; and more than that, he is a man in whom customers can place all confidence. This is one of the strong points in Mr. Skelly, and is one of the many reasons why his popularity is widespread. Mr. Bestwick's store has always been noted as a place where first-class clothing could be bought at reasonable prices; and Mr. Skelly's many friends will be glad to hear that he has connected

ed himself with so popular an establishment.

—The Recorder of this morning states that the annual conference of the Methodist church, now in session at Oshkosh, and adjourned, and that through the effort of one of the members of the First Methodist church of this city, the former pastor had been returned for another year.

The fact in regard to the conference is that it convened Wednesday morning, the 1st inst. and will be in session until Tuesday, the 7th inst. In justice to the pastor and members of the First church a correction should be made. If the Gazette understands the usages of the Methodist church in the matter of locating her ministry, this work is left until the closing session of the conference, and it is always a matter of more or less uncertainty until the appointments are announced by the presiding bishop just before adjournment. The article referred to in the morning paper, is calculated to mislead, as such action would for all the work of an organization which has always reserved the right to act in accordance with the demands of the church as a body.

THE COUNTY FAIR.

The Grand Barbecue of the Grand Army Veterans.

An Immense Crowd of People on the Grounds Yesterday Afternoon.

Speeches by Governor Rusk and Other Distinguished Persons.

The Fair and Races.

The largest crowd of people ever seen on the Rock county fair grounds was that of yesterday afternoon. There must have been from eight to ten thousands of people in attendance, and a more orderly gathering is seldom seen anywhere.

The principal feature for the gathering of this immense crowd of citizens was the barbecue of the grand army of the republic. The members of the different army posts in Rock and adjoining counties to the number of some six or seven hundred, responded to the invitation of the W. H. Sargent Post, of this city, and in the afternoon were entertained on the fair grounds as the guests of the fair association.

The ox, which weighed in the neighborhood of six hundred pounds, dressed, was roasted in first class style, superintended by Mr. Johnson, of Evansville, who is a capital hand at this business; baked beans, hard-tack, and coffee were provided in abundance, and the veterans were served a dinner that all could relish. After dinner there was a re-union or "camp-fire," held. The large platform erected for the accommodation of the veterans, and the remainder of the afternoon was occupied in speech making and telling army stories. Dr. Henry Palmer was chairman of the "meeting," and introduced the speakers.

Dr. J. E. Whiting, of this city, Governor Rusk, Hon. Pliny Norcross, Mr. Horace McElroy, Rev. Milton Wells, and Major S. S. Rockwood, all delivered interesting speeches to the thousands gathered around the stands. Between the speeches the several bands present discoursed some very beautiful patriotic music. It was late in the afternoon when the "camp fire" was put out, and the "boys in blue" were in the best of cheer.

THIS RACES.

Although the track was in a very bad condition, many places being muddy; the 2:40 race was called, followed by the station race. There were seven starters in the former and three in the latter. The drivers of the several horses in the 2:40 race took their time in scoring, much to the disgust of many spectators, and it was not until one of the judges appeared on the track with a "clerk" that the field got the word "go" from the judges stand.

The race was a good one, and furnished exciting amusement for thousands of people who crowded the grand stand and both sides of the track the entire distance of the "home stretch." The following is the summary of yesterday's races:

2:40 RACE.  
Harry S. 2:40 1/2  
Frank G. 2:41 1/2  
Mollie Chase 2:42 1/2  
Dorothy 2:43 1/2  
Headlight 2:44 1/2  
Time—2:42, 2:41, 2:41.

STATION RACE.  
Allegre 2:10 1/2  
Fryer's Protection 2:11 1/2  
Joan 2:12 1/2  
Time—2:10, 2:11, 2:11.

IN THE EVENING.

The grand ball, given by the society in honor of the G. A. B. at the new depot of the Chicago, Milwaukee and St. Paul railway, was unquestionably the largest affair of the kind ever held in this city. There must have been at least five hundred people in attendance. The large building was brilliantly illuminated with locomotive head-lights and Chinese lanterns, and the room beautifully decorated with national colors. Smith & Corlies orchestra occupied a large platform in the center of the room, and the merry dance was kept up until one o'clock this morning, all participating in announcing it a grand affair and success.

The superintendents in the various departments have distributed the prize ribbons, as far as the awards have been made, and the exhibitors generally appear to be satisfied with the result.

TO-DAY.

An immense crowd of people visited the fair grounds to-day, and at two o'clock this afternoon there must have been at least five thousand people on the grounds. This forenoon the judges completed making the awards in the respective classes, and at 11 o'clock a grand procession was formed. A traction engine belonging to Nicholas, Shepherd & Co., of Battle Creek, Michigan, was brought out to the track, and a train of half a dozen heavy wagons were hitched to it, loaded with the Bower City Band, the officers and stockholders of the fair association. Behind this followed the grand cavalcade of all the stock, horses and cattle, on exhibition and the whole procession moved around the track, making one of the handsomest displays of stock ever seen on the grounds.

At one o'clock this afternoon the Janesville Guards and the fire department

formed a procession, headed by the Bower City band, and marched to the fair grounds with flying colors, making a very creditable display.

The red uniforms of Engine company No. 2, the white of No. 1, and the blue of the hook and ladder, the company blending well together. At the fair this afternoon the Guards will do some fancy drilling in front of the grand stand.

The racing this afternoon will be in the 2:45 class, followed by the "farmer's race" by horses never before trotting in public.

SATURDAY.

last day of the fair. Owing to the bad weather of Wednesday, the officers deem it their duty to hold over Saturday to complete its programme as originally made.

Great frod for the children, in consequence of the rain on Wednesday, preventing the little ones from coming, the society will admit free all children 15 years of age and under, and also have the prize games and entertainment offered on Wednesday.

Prize wheelbarrow races, prize sack races, prize foot races, prize riding for boys and girls, and other games and sports without number. We want to see all the children in Rock county on Saturday.

12:00 m.—Grand picnic dinner on the grounds by all the children; the G. A. B. tables will be used for the occasion.

2:00 p. m., sharp.—The great 2:35 trotting race—the fastest and best race of the fair. At 3:00 p. m.—The great colt race by all the fastest local flyers in Rock county.

Come on Saturday, and close up the fair in a befitting manner. All exhibitors in all departments are respectfully requested to leave their exhibits for the children and visitors on Saturday.

PER ORDER OF BOARD.

Among the many distressing forms of neuritic and rheumatic disease, there is none more malignant than sciatica or lumbago. A joint testimonial to the rational powers of Ashland's in dealing with these enemies of peace of mind and body, comes from Mrs. A. P. Luke and Mrs. John Nitting, whose mother, after suffering innumerable agony day and night, was materially relieved by three doses of Ashland's, and by its continued use was soon made quite comfortable. "We think the cure wonderful," wrote the ladies.

Remember the date of Burr Robbins' show is October 15th.

Who of us are without our troubles, be they small or large? The blessings of health are best appreciated when we are sick and in pain. THE GRAND RALLY.

Arrangements for the Blaine and Logan Rally on October 15th.

The meeting of the republican committee of the county was held at the Blaine and Logan club rooms last evening. Mr. A. P. Bennett was chosen chairman, and John C. Spencer secretary.

Mr. Bennett read a couple of letters from the state central committee relating to speakers for the meeting, promising to send Mr. Blaine to this city if such arrangements could be made.

On motion of Mr. B. F. Danwidlo, the meeting elected the following general committee, to act in concert with the county committee in arranging the details of the meeting: Messrs. H. E. Blais, A. W. Baldwin, A. H. Sheldon, N. H. Soverhill, W. A. Harrington, Rev. J. S. Scholer, S. Trillman, J. H. Galtely, Theo. Mussel, and John C. Spencer.

The corresponding secretary of the Blaine and Logan club was requested to send invitations to all the Blaine and Logan organizations within fifty miles of Janesville, to be present and take part in the grand torch light procession.

The meeting then adjourned.

The above committee will meet at Blaine and Logan headquarters at seven o'clock this evening for business.

THE ROBBINS SHOW.

At Janesville, Wednesday, October 15th—Afternoon and Evening.

The Burr Robbins new consolidated railway show is slowly working its way into winter quarters in this city, and will surely come and exhibit on the above date. Colonel Robbins never had a better show company than the one he is now managing. Wherever the show has exhibited this season, the press has been loud in its praise. The Star, published at New Sharon, Iowa, Sept. 24th, says: "Burr Robbins' show has come and gone, and we freely admit that no better show ever exhibited in New Sharon. The street parade was far excellence, and within the facts the great impressions are fully sustained. We never witnessed a finer selection of animals—all remarkable clean and healthily looking. The circus performance was first-class. The feats performed by Mr. Fish, the champion bare-back rider, are simply marvellous. As much may be said of the Ashton Brothers in their wonderful performance in the ring and on the bar. We never saw a more gentlemanly and orderly set of show men. Our mayor had an extra police force and not one of them had anything to do. Every man from Burr Robbins down condoned himself like a gentleman. This show has exhibited here three times, and always had a good crowd and will have a still larger one when they come again."

THREE MILLION DOLLARS WANTED.

Deficiency in the Postoffice Department.

WASHINGTON, Oct. 3.—Sixth Auditor Crowell has prepared a statement which shows that the revenue from the sale of postage stamps for the fiscal year ended June 30, 1894, amounted to \$3,027,093, a decrease of \$252,342 compared with the receipts of the postoffice department for the year was \$2,774,751, or \$252,342 less than the year ended June 30, 1893. An increase in expenditures for postage, amounting to \$1,200,350 over and above the expenditures of 1893-94 is reported; so this, with the falling off in receipts, indicates a deficiency of about \$4,000,000 for the past fiscal year.

Business Difficulties.

CHICAGO, Oct. 3.—Jensen & Ellis, hardware dealers of this city, have assigned to Robert A. Campbell, nominal assets, \$100,000, and liabilities, \$100,000, of which the amount of \$75,000 is assigned as the cause. The firm is one of the oldest and best known in Chicago. William W. Bliss, a member of the firm, is now, and has been, treasurer of the city for a number of terms. The firm has a large house at Dearborn, D. T., which also goes under.

A. M. Levy, clothing this city, also assigns. Liabilities, \$25,000; assets, \$5,000 to \$10,000.

NEW YORK, Oct. 3.—William H. Gunnersell & Co., wholesale dealers in fancy goods, hats, etc., at St. Louis, have become financially embarrassed and are asking an extension of time from creditors. Liabilities, \$200,000; assets, \$200,000.

A Remittent Needle Cushion.

LOCKPORT, N. Y., Oct. 3.—Mrs. Professor, living in the town of Scotland, between the forks of the Littleton and the foot of Lord Hill, some time since complained of pain in her arm. Dr. George N. Kiegan, of Scotland, discovered that there were ulcers in the muscles. He made some application, and a few days afterward, took out several needles. This he repeated. The other arm was similarly afflicted, and likewise treated, with like results. At last accounts he had taken from the woman's arm forty-six needles or pieces. After they were broken, some having thin points. The others are broken at both ends, resembling pieces of wire. The case is mysterious. The woman claims to be unaware of how or where the needles were introduced into her system.

The Standard Meridian Conference.

WASHINGTON, Oct. 3.—In the international standard time conference, President Roosevelt, of the United States delegation, presented the following resolution: "The conference proposes to the governments represented the adoption of a standard meridian that of Greenwich, passing through the center of the transit observatory at Greenwich, as the basis of the observatory of Greenwich." This resolution was opposed by the French delegates Lefevre and Gausson, who argued that the function of the conference was merely to discuss the general principle of a common meridian, and not to undertake to establish one. After considerable discussion pro and con, and without reaching a vote on the resolution, the conference adjourned until Monday at 10 o'clock a. m.

The Base Ball Record.

CHICAGO, Oct. 3.—Following are the base ball scores for Thursday: At Chicago—New York 9, Chicago 4; at Cleveland—Boston 6, Cleveland 2; at Baltimore—Baltimore 4, Cincinnati 2; 3rd innings, darkness; at Pittsburgh—St. Louis 10, Allegheny 5; at Richmond—Indianapolis 5, Virginia 3.

N. Y. SAVING STORE.

The Night Shall Be Filled With Music.

The Milwaukee exposition management has secured the famous "Young Ladies' Band" for Monday and Tuesday, September 26th and 27th, and with Bach's orchestra in addition, there will be enough "music in the air" to satisfy the most ardent lover of the sounding brass and tinkling cymbal." The young ladies are personally attractive, superbly costumed, and play exceedingly well, and will doubtless draw crowds during their engagement.

Neros, a survivor of the unfortunate Jeanette Arctic expedition under De Long, and the hero of the most remarkable and perilous ice-journey on record, is here with relics of the expedition and curiosities of the far north. Other attractions will be added from time to time. The attendance since the opening day has been larger than for the same period last year. All visitors seem more than pleased with the display, and gratified with the provision made for their comfort and pleasure.

The splendid fish exhibit and the great sturgeon attract crowds, and the manufacturing machines are surrounded night and day.
